## **Pay a Person**

Send money quickly and securely with what is commonly referred to as "P2P". You can use your smartphone, tablet or computer to send money to anyone! It's fast, easy and secure. All you need is the person's email address or cell phone number.

## **Gift Pay**

Don't worry about stamps or trips to the post office. This option costs less than most greeting cards but still offers a range of colorful designs to suit the occasion. This helpful feature allows you to easily send a gift check or charitable donation from your online bill pay account.

## **eBill**

allows you to view and pay all of your bills through Bill Pay. You'll have better control and you can manage all of your bills from one place. Plus, with eBill, you can keep track of unexpected changes to your cell phone, credit card, cable, mortgage or utility bills (details vary by payee.)
